

**APPLICATION**

Type CE trims are used to create either crisp and sharp corner details, or smooth softly curved corner details in walls, at ceiling soffits or at downstands.

**PRODUCT INFORMATION**

Supplied in 3000mm lengths, extruded from architectural grade aluminium alloy to BS 1474. Pre-punched with diagonal fixing slots and holes in the suitable for fixing by drywall screws. The standard finishes are white polyester powder coating to RAL 9010, 20% Gloss, or to order in a full palette of RAL colours, to match and enhance any interior scheme. Unpainted trims also available for onsite painting/spraying, please check with your paint supplier for any additional primer products that may be required. QIC cannot accept any responsibility for the painted finish of products supplied unpainted.

Non-standard lengths, factory curving and alternative factory applied finishes are available to special order.
