

APPLICATION

Type R trims are used to create horizontal or vertical reveal details where areas of dry lining about suspended ceiling, door frames, floor skirting, window frames and many other architectural features. Subject to some bending limitations, type R trims can be factory curved both on plan and in section.

PRODUCT INFORMATION

Supplied in 3000mm lengths, extruded from architectural grade aluminium alloy to BS 1474. Pre-punched with diagonal fixing slots and holes suitable for fixing by drywall screws. The standard finishes are white polyester powder coating to RAL 9010, 20% Gloss, or to order in a full palette of RAL colours, to match and enhance any interior scheme. Unpainted trims also available for onsite painting/spraying, please check with your paint supplier for any additional primer products that may be required. QIC cannot accept any responsibility for the painted finish of products supplied unpainted. Non-standard lengths, factory curving and alternative factory applied finishes are available to special order. Reveals with a custom dimension between 1mm – 99mm are available to special order.
