

**APPLICATION**

Type SC trims are used to create a crisp shadowline perimeter detail where cut metal ceiling tile systems abut walls, partitions or upstands. The channel feature is designed to accept standard hold down wedges and clips to retain cut tiles. The horizontal web of the shadowgap can be factory slotted to form an air vent if required. Curved trims manufactured from composite sections to reproduce all Type SC trims are available. Type SC trims can also be factory formed into column rings

**PRODUCT INFORMATION**

Supplied in 3000mm lengths, extruded from architectural grade aluminium alloy to BS 1474. The standard finishes are white polyester powder coating to RAL 9010, 20% Gloss, or to order in a full palette of RAL colours, to match and enhance any interior scheme.
