

Application

SG03 25mm aluminium single glazed track can be used as the head or abutment detail, in conjunction with the evolution two-part base track (SG01 & SG02) and single glazed door frame (SGDF). The head track can also be used with the SG-CLIP blanking extrusion for frameless glass above leaf door applications.

Product information

Supplied in 3000mm lengths with optional clear or black PVC glazing gasket clip in profile. Stocked in untreated mill finish or polyester powder coat RAL 9010 white / RAL 9006 Silver / RAL 9005 Black / RAL 7016 anthracite. Other RAL or BS colours are available to order. SAA and other anodised special finishes are also available upon request.

Packing

Packed in quantities as ordered with no bundle exceeding 25kgs. Packaging is by heavy gauge heat shrink polythene with corrugated cardboard end protection, or heavy card board duty tube upon delivery requirement
